French – Intent

Our vision for learning French at Beckstone Primary School is to provide a high-quality and engaging curriculum for all children in Key Stage 2, enabling them to learn to communicate effectively in another language as well as understanding people from another culture.

Through subject specific learning blocks, allocated at regular intervals, we will enable our pupils in Key Stage 2 to:

- Cover all the requirements of the National Curriculum for MFL;
- Gain confidence and enjoyment in their ability to communicate their ideas and thoughts effectively in another language leading on to further study at Key Stage 3;
- Develop an awareness of their place in the global community;
- Begin to understand how communication can create communities which are wider than geographical boundaries;
- Value contributions of different peoples and cultures.

The National Curriculum for Languages

- The aim of the National Curriculum is for pupils to learn to communicate effectively – both verbally and in written form – in another language.
- The purpose should lead to being able to communicate in practical situations, to understand different viewpoints and thought processes and to allow children to access seminal texts in another language.
- It relates to a wider aspiration that pupils learn that they are citizens of a global community and should support their understanding of the need for wider understanding between countries and cultures, linking to aims for SMSC learning

Aims of the Language Curriculum

The national curriculum for languages aims to ensure that all pupils:

- understand and respond to spoken and written language from a variety of authentic sources
- speak with increasing confidence, fluency and spontaneity, finding ways of communicating what they want to say, including through discussion and asking questions, and continually improving the accuracy of their pronunciation and intonation
- can write at varying length, for different purposes and audiences, using the variety of grammatical structures that they have learnt
- discover and develop an appreciation of a range of writing in the language studied.

How is the French scheme of work organised?

From the National Curriculum guidance we have identified 6 strands which run throughout our scheme of work.

INTENT

French – Intent

Language Detective Skills

The Kapow scheme includes this element in order to develop engaged and independent language learners who are able to grow their skills in the other five strands and learn further languages.

It involves:

- Recognising learnt vocabulary when listening or reading
- Spotting cognates (words which have the same origin or are in some way similar) and near cognates
- Using context and their own knowledge of the world to predict the meaning of unknown words
- Considering word order to anticipate the meaning of words

These skills are developed in a progressive way so that Year 6 pupils are able to use these strategies with increasing confidence. The development of these skills also helps pupils develop their understanding of the English language and its grammar conventions

A spiral curriculum

Kapow Primary's French scheme of work has been designed as a spiral curriculum with the following key principles in mind:

- ✓ **Cyclical:** Pupils revisit key vocabulary and grammar concepts again and again
- ✓ **Increasing depth:** Each time vocabulary or grammar learning is revisited, it is covered with greater depth
- ✓ **Prior knowledge:** Upon returning to each area, prior knowledge is utilised so pupils can build on previous foundations, rather than starting again
