Young Voices Choir

## Music - Intent

At Beckstone Primary School, we aim to support all children to see themselves as musicians. Through our music curriculum, children gain a firm understanding of what music is by listening, singing, playing, evaluating, analysing, and composing across a wide variety of historical periods, styles, traditions, and musical genres. We are committed to developing a curiosity for the subject, as well as an understanding of a range of different genres of music and their different features. It is through these features that children come to understand how music can be used to express themselves and their emotions. Pupils are encouraged to experiment, through improvisation, composition and in using a range of instruments, to find different ways in which to be creative, while at the same time finding a way to demonstrate their emotions in a constructive manner and relate to others. We aim to provide children with the opportunity to confidently progress in their creativity and expression along with working with other pupils.

### **Aims of the Music Curriculum**

The national curriculum for music in Key Stage 1 aims to ensure that all pupils:

- use their voices expressively and creatively by singing songs and speaking chants and rhymes
- play tuned and untuned instruments musically
- listen with concentration and understanding to a range of high-quality live and recorded music
- experiment with, create, select and combine sounds using the interrelated dimensions of music

In Key Stage 2 the curriculum develops this knowledge and skills further to ensure all pupils:

- play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression
- improvise and compose music for a range of purposes using the interrelated dimensions of music
- listen with attention to detail and recall sounds with increasing aural memory
- use and understand staff and other musical notations
- appreciate and understand a wide range of high-quality live and recorded music drawn from different traditions and from great composers and musicians
- develop an understanding of the history of music.

# INTENT

## Music - Intent

At Beckstone Primary School, we use the Kapow Primary music scheme. The intention behind the scheme is first and foremost to help children to feel that they are musical, and to develop a life-long love of music. Teaching focuses on developing the skills, knowledge and understanding that children need in order to become confident performers, composers, and listeners. The curriculum introduces children to music from all around the world and across generations, teaching children to respect and appreciate the music of all traditions and communities.

Children will develop the musical skills of singing, playing tuned and untuned instruments, improvising and composing music, and listening and responding to music. They will develop an understanding of the history and cultural context of the music that they listen to and learn how music can be written down.

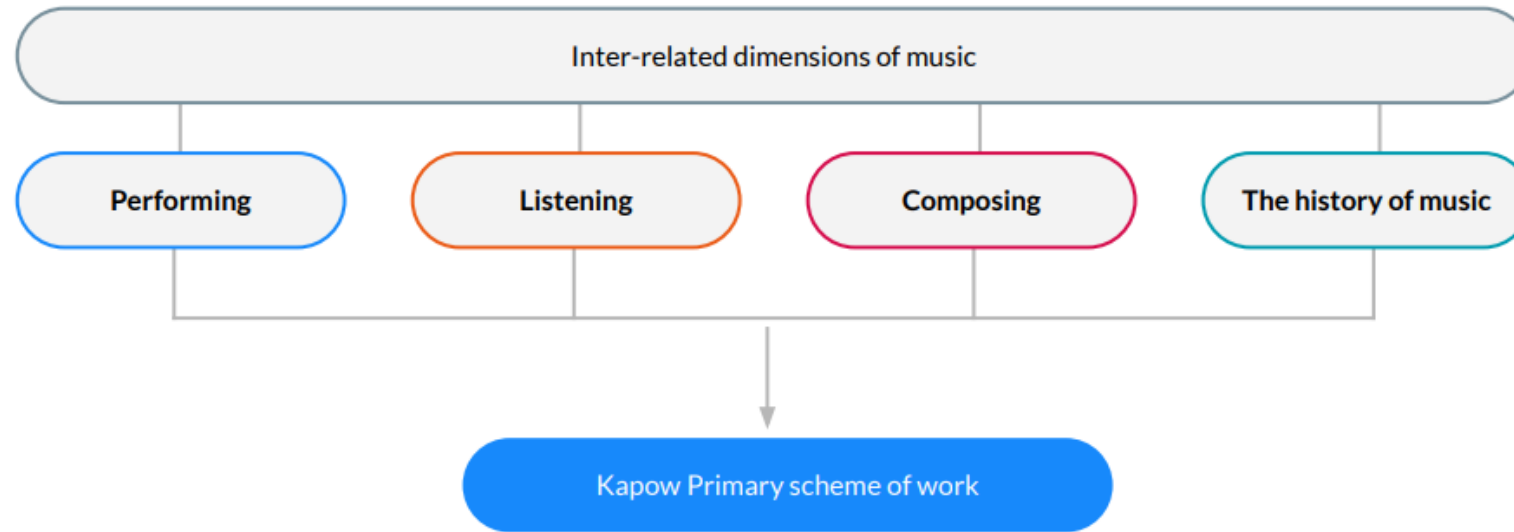

Through music, the curriculum helps children develop transferable skills such as team-working, leadership, creative thinking, problem-solving, decision-making, and presentation and performance skills. These skills are vital to children's development as learners and have a wider application in their general lives outside and beyond school.

Kapow Primary's Music scheme of work enables pupils to meet the end of key stage attainment targets outlined in the national curriculum and the aims of the scheme align with those in the national curriculum.

## Music - Intent

How is our music scheme organised?

**The inter-related dimensions of music are:**

- Pulse
- Pitch
- Duration
- Dynamics
- Tempo
- Timbre
- Texture
- Structure
- Appropriate musical notation

INTENT

## Music - Intent

### Model Music Curriculum: Instrumental scheme

#### The DfE's Model Music Curriculum 2021 states that:

*'In Years 3 or 4, it is recommended that each class should start a whole-class instrumental programme lasting a minimum of one term...Opportunities for development should continue beyond the mandatory term.'*

At Beckstone Primary, we teach the Instrumental scheme in Year A of LKS2. Each unit of lessons focuses on music from a different part of the world and features a bespoke piece of music composed specifically for the scheme and includes sheet music, performance and backing tracks. We focus on South Africa and the Caribbean as in LKS2, the children learn about Egypt and in UKS2, they study the Windrush. Therefore, they can make musical, cultural and historical links across subjects.

The lessons are written for tuned percussion instruments because they are accessible for non-specialists to teach and are effective for learning notation because the note names are written on the bars.

# EYFS - KS2

## Music Progression EYFS – KS2

	Autumn 1	Spring 1	Summer 1	Summer 2
<b>EYFS</b>	Exploring sound	Music and movement	Musical Stories	Big Band
<b>KS1 YA</b>	Pulse and Rhythm Theme: All about me	Musical Vocabulary Theme: Under the sea	Timbre and Rhythm Theme: Fairytales	Pitch and Tempo Theme: Superheroes
<b>KS1 YB</b>	West African call and response song: Theme: Animals	Orchestral Instruments Theme: Traditional stories	Musical me	Myths and Legends
<b>LKS2 YA</b>	<u>Instrumental Scheme:</u> South Africa	Developing singing technique: Theme: The Vikings	<u>Instrumental Scheme:</u> Caribbean	Pentatonic melodies and composition Theme: Chinese New Year
<b>LKS2 YB</b>	Body and tuned percussion Theme: Rainforests	Changes in pitch, tempo and dynamics Theme: Rivers	Samba and carnival sounds and instruments	Adapting and transposing motifs Theme: The Romans
<b>UKS2 YA</b>	Composition notation Theme: Ancient Egypt	Blues	South West Africa	Composition to represent the festival of colour Theme: Holi Festival
<b>UKS2 YB</b>	Advanced Rhythms	Dynamics, pitch and tempo Theme: Fingal's Cave	Theme and Variations Theme: Pop art	Compsing and performing a Leaver's Song

INTENT

*Progression of skills*

Listening

EYFS

Year 1

Year 2

\*Responding to music through movement, altering movement to reflect the tempo, dynamics or pitch of the music.

Exploring lyrics by suggesting appropriate actions.

Exploring the story behind the lyrics or music.

Listening to and following a beat using body percussion and instruments.

\*Considering whether a piece of music has a fast, moderate or slow tempo.

Listening to sounds and matching them to the object or instrument.

\*Listening to sounds and identifying high and low pitch.

Listening to and repeating a simple rhythm.

Listening to and repeating simple lyrics.

Understanding that different instruments make different sounds and grouping them accordingly.

Recognising and understanding the difference between pulse and rhythm.

\*Understanding that different types of sounds are called timbres.

\*Recognising basic tempo, dynamic and pitch changes (faster/slower, louder/quieter and higher/lower).

Describing the character, mood, or 'story' of music they listen to, both verbally and through movement.

Describing the differences between two pieces of music.

Expressing a basic opinion about music (like/dislike).

Listening to and repeating short, simple rhythmic patterns.

Listening and responding to other performers by playing as part of a group.

\*Recognising timbre changes in music they listen to.

Recognising structural features in music they listen to.

Listening to and recognising instrumentation.

\*Beginning to use musical vocabulary to describe music.

Identifying melodies that move in steps.

Listening to and repeating a short, simple melody by ear.

Suggesting improvements to their own and others' work.

\*Also form part of the 'Inter-related dimensions of music' strand.

INTENT

## Progression of skills

## Listening

Year 3	Year 4	Year 5	Year 6
<p>*Discussing the stylistic features of different genres, styles and traditions of music using musical vocabulary (Indian, classical, Chinese, Battle Songs, Ballads, Jazz).</p> <p>Understanding that music from different parts of the world has different features.</p> <p>*Recognising and explaining the changes within a piece of music using musical vocabulary.</p> <p>*Describing the timbre, dynamic, and textural details of a piece of music, both verbally, and through movement.</p> <p>Beginning to show an awareness of metre.</p> <p>*Beginning to use musical vocabulary (related to the inter-related dimensions of music) when discussing improvements to their own and others' work.</p>	<p>Recognising the use and development of motifs in music.</p> <p>*Identifying gradual dynamic and tempo changes within a piece of music.</p> <p>Recognising and discussing the stylistic features of different genres, styles and traditions of music using musical vocabulary (Samba, Rock and Roll).</p> <p>Identifying common features between different genres, styles and traditions of music.</p> <p>*Recognising, naming and explaining the effect of the interrelated dimensions of music.</p> <p>*Identifying scaled dynamics (crescendo/decrescendo) within a piece of music.</p> <p>*Using musical vocabulary to discuss the purpose of a piece of music.</p> <p>*Using musical vocabulary (related to the inter-related dimensions of music) when discussing improvements to their own and others' work.</p>	<p>*Recognising and confidently discussing the stylistic features of different genres, styles and traditions of music using musical vocabulary. (South African, West African, Musical, Theatre, Blues, Dance Remix.).</p> <p>*Representing the features of a piece of music using graphic notation, and colours, justifying their choices with reference to musical vocabulary.</p> <p>*Comparing, discussing and evaluating music using detailed musical vocabulary.</p> <p>*Developing confidence in using detailed musical vocabulary (related to the inter-related dimensions of music) to discuss and evaluate their own and others' work.</p>	<p>Discussing musical eras in context, identifying how they have influenced each other, and discussing the impact of different composers on the development of musical styles.</p> <p>Recognising and confidently discussing the stylistic features of music and relating it to other aspects of the Arts (Pop art, Film music).</p> <p>*Representing changes in pitch, dynamics and texture using graphic notation, justifying their choices with reference to musical vocabulary.</p> <p>Identifying the way that features of a song can complement one another to create a coherent overall effect.</p> <p>*Use musical vocabulary correctly when describing and evaluating the features of a piece of music.</p> <p>Evaluating how the venue, occasion and purpose affects the way a piece of music sounds.</p> <p>*Confidently using detailed musical vocabulary (related to the inter-related dimensions of music) to discuss and evaluate their own and others work.</p>
<p>*Also form part of the 'Inter-related dimensions of music' strand.</p>			

*Progression of skills*

Composing

EYFS	Year 1	Year 2
Playing untuned percussion 'in time' with a piece of music.	Selecting and creating short sequences of sound with voices or instruments to represent a given idea or character.	Selecting and creating longer sequences of appropriate sounds with voices or instruments to represent a given idea or character.
Selecting classroom objects to use as instruments.	Combining instrumental and vocal sounds within a given structure.	*Successfully combining and layering several instrumental and vocal patterns within a given structure.
Experimenting with body percussion and vocal sounds to respond to music.	Creating simple melodies using a few notes.	Creating simple melodies from five or more notes.
Selecting appropriate instruments to represent action and mood.	*Choosing dynamics, tempo and timbre for a piece of music.	*Choosing appropriate dynamics, tempo and timbre for a piece of music.
Experimenting with playing instruments in different ways.		Using letter name and graphic notation to represent the details of their composition.
		Beginning to suggest improvements to their own work.

\*Also form part of the 'Inter-related dimensions of music' strand.

## Progression of skills

## Composing

Year 3	Year 4	Year 5	Year 6
<p>Composing a piece of music in a given style with voices and instruments (Battle Song, Indian Classical, Jazz, Swing).</p>	<p>Composing a coherent piece of music in a given style with voices, bodies and instruments.</p>	<p>Composing a detailed piece of music from a given stimulus with voices, bodies and instruments (Remix, Colours, Stories, Drama).</p>	<p>Improvising coherently and creatively within a given style, incorporating given features.</p>
<p>Combining melodies and rhythms to compose a multi-layered composition in a given style (pentatonic).</p>	<p>Beginning to improvise musically within a given style.</p>	<p>Improvising coherently within a given style.</p>	<p>Composing a multi-layered piece of music from a given stimulus with voices, bodies and Instruments.</p>
<p>*Using letter name and rhythmic notation (graphic or staff), and key musical vocabulary to label and record their compositions.</p>	<p>Developing melodies using rhythmic variation, transposition, inversion, and looping.</p>	<p>*Combining rhythmic patterns (ostinato) into a multi-layered composition using all the inter-related dimensions of music to add musical interest.</p>	<p>Composing an original song, incorporating lyric writing, melody writing and the composition of accompanying features, within a given structure.</p>
<p>*Suggesting and implementing improvements to their own work, using musical vocabulary.</p>	<p>*Creating a piece of music with at least four different layers and a clear structure.</p>	<p>Using staff notation to record rhythms and melodies.</p>	<p>*Developing melodies using rhythmic variation, transposition and changes in dynamics, pitch and texture.</p>
	<p>*Using letter name, graphic and rhythmic notation and key musical vocabulary to label and record their compositions.</p>	<p>*Selecting, discussing and refining musical choices both alone and with others, using musical vocabulary with confidence.</p>	<p>Recording own composition using appropriate forms of notation and/or technology and incorporating.</p>
	<p>*Suggesting improvements to others' work, using musical vocabulary.</p>	<p>Suggesting and demonstrating improvements to own and others' work.</p>	<p>*Constructively critique their own and others' work, using musical vocabulary.</p>

\*Also form part of the 'Inter-related dimensions of music' strand.

*Progression of skills*

Performing

EYFS	Year 1	Year 2
Using their voices to join in with well-known songs from memory.	Using their voices expressively to speak and chant.	*Using their voices expressively when singing, including the use of basic dynamics (loud and quiet).
Remembering and maintaining their role within a group performance.	Singing short songs from memory, maintaining the overall shape of the melody and keeping in time.	Singing short songs from memory, with melodic and rhythmic accuracy.
Moving to music with instruction to perform actions.	Maintaining the pulse (play on the beat) using hands, and tuned and untuned instruments.	Copying longer rhythmic patterns on untuned percussion instruments, keeping a steady pulse.
Participating in performances to a small audience.	Copying back short rhythmic and melodic phrases on percussion instruments.	*Performing expressively using dynamics and timbre to alter sounds as appropriate.
Stopping and starting playing at the right time.	*Responding to simple musical instructions such as tempo and dynamic changes as part of a class performance.	Singing back short melodic patterns by ear and playing short melodic patterns from letter notation.

\*Also form part of the 'Inter-related dimensions of music' strand.

INTENT

## Progression of skills

## The history of music (KS2 only)

Year 3	Year 4	Year 5	Year 6
<p>Understanding that music from different times has different features.</p> <p><i>(Also part of the Listening strand)</i></p>	<p>*Recognising and discussing the stylistic features of different genres, styles and traditions of music using musical vocabulary.</p> <p><i>(Also part of the Listening strand)</i></p>	<p>*Confidently discussing the stylistic features of different genres, styles and traditions of music and explaining how these have developed over time.</p> <p><i>(Also part of the Listening strand)</i></p>	<p>*Discussing musical eras in context, identifying how they have influenced each other, and discussing the impact of different composers on the development of musical styles.</p> <p><i>(Also part of the Listening strand)</i></p>

\*Also form part of the 'Inter-related dimensions of music' strand.

	EYFS	Year 1	Year 2
Pitch	To understand that what 'high' and 'low' notes are.	To understand that pitch means how high or low a note sounds.  To understand that 'tuned' instruments play more than one pitch of notes.	To know that some tuned instruments have a lower range of pitches and some have a higher range of pitches.  To understand that a melody is made up from high and low pitched notes played one after the other, making a tune.
Duration	To recognise that different sounds can be long or short.	To know that rhythm means a pattern of long and short notes.	To know that 'duration' means how long a note, phrase or whole piece of music lasts.  To know that the long and short sounds of a spoken phrase can be represented by a rhythm.
Dynamics	To understand that instruments can be played loudly or softly.	To know that dynamics means how loud or soft a sound is.  To understand that sounds can be adapted to change their mood, eg through dynamics.	To know that dynamics can change the effect a sound has on the audience.
Tempo	To recognise music that is 'fast' or 'slow'.  To understand that we can match our body movements to the speed (tempo) or pulse (beat) of music.	To know that the 'pulse' is the steady beat that goes through music. [No Title]  To know that tempo is the speed of the music.	To understand that the tempo of a musical phrase can be changed to achieve a different effect.

*Progression of knowledge*

The inter-related dimensions of music

	EYFS	Year 1	Year 2
Timbre	To know that different instruments can sound like a particular character.	To know that 'timbre' means the quality of a sound; eg that different instruments would sound different playing a note of the same pitch.  To know that my voice can create different timbres to help tell a story.	To know that musical instruments can be used to create 'real life' sound effects.  To understand an instrument can be matched to an animal noise based on its timbre.
Texture	To know that music often has more than one instrument being played at a time.	To know that music has layers called 'texture'.	To know that a graphic score can show a picture of the layers, or 'texture', of a piece of music.
Structure	To recognise the chorus in a familiar song.	To know that a piece of music can have more than one section, eg a verse and a chorus.	To understand that structure means the organisation of sounds within music, eg a chorus and verse pattern in a song.
Notation	To know that signals can tell us when to start or stop playing.	To understand that music can be represented by pictures or symbols.	To know that 'notation' means writing music down so that someone else can play it  I know that a graphic score can show a picture of the structure and / or texture of music.

Progression of knowledge

The inter-related dimensions of music

	Year 3	Year 4	Year 5	Year 6
Pitch	<p>To know that the group of pitches in a song is called its 'key' and that a key decides whether a song sounds happy or sad.</p> <p>To know that some traditional music around the world is based on five-notes called a 'pentatonic' scale.</p> <p>To understand that a pentatonic melody uses only the five notes C D E G A.</p>	<p>To know that a bass line is the lowest pitch line of notes in a piece of music, and a walking bassline (where patterns of notes go up then down again) is common in rock and roll.</p> <p>To know that a glissando in music means a sliding effect played on instruments or made by your voice.</p> <p>To know that 'transposing' a melody means changing its key, making it higher or lower pitched.</p>	<p>To understand that a minor key (pitch) can be used to make music sound sad.</p> <p>To understand that major chords create a bright, happy sound.</p> <p>To know that a 'bent note' is a note that varies in its pitch, eg the pitch may slide up or down.</p> <p>To understand that varying effects can be created using only your voice, for example by changing the pitch, dynamic or tempo of the sounds made.</p>	<p>To know that the Solfa syllables represent the pitches in an octave.</p> <p>To understand that 'major' key signatures use note pitches that sound cheerful and upbeat.</p> <p>To understand that 'minor' key signatures use note pitches that can suggest sadness and tension.</p> <p>To know that a melody can be adapted by changing its pitch.</p>
Duration	<p>To know that different notes have different durations, and that crotchets are worth one whole beat.</p> <p>To know that written music tells you how long to play a note for.</p>	<p>To know that combining different instruments playing different rhythms creates layers of sound called 'texture'.</p> <p>To know that playing 'in time' requires playing the notes for the correct duration as well as at the correct speed.</p> <p>To know that a motif in music can be a repeated rhythm.</p>	<p>To know that 'poly-rhythms' means many different rhythms played at once.</p> <p>To know that the duration of a note or phrase in music can be shown using a repeated symbol or the size of a symbol on a graphic score.</p>	<p>To understand that all types of music notation show note duration, including the Kodaly method which uses syllables to indicate rhythms.</p> <p>To understand that representing beats of silence or 'rests' in written music is important as it helps us play rhythms correctly.</p> <p>To know that a quaver is worth half a beat.</p>
Dynamics	<p>To know that the word 'crescendo' means a sound getting gradually louder.</p>	<p>To know that changing the dynamics of a musical phrase or motif can change the texture of a piece of music.</p>	<p>To understand that varying effects can be created using only your voice, for example by changing the pitch, dynamic or tempo of the sounds made.</p>	<p>To know that a melody can be adapted by changing its dynamics.</p>
Tempo		<p>To know that playing in time means all performers playing together at the same speed.</p>	<p>To understand that a slow tempo can be used to make music sound sad.</p> <p>To understand that varying effects can be created using only your voice, for example by changing the pitch, dynamic or tempo of the sounds made.</p>	<p>To know that a melody can be adapted by changing its dynamics, pitch or tempo.</p>

*Progression of knowledge*

The inter-related dimensions of music

	Year 3	Year 4	Year 5	Year 6
Timbre	To understand that the timbre of instruments played affect the mood and style of a piece of music.	To know that grouping instruments according to their timbre can create contrasting 'textures' in music.  To understand that both instruments and voices can create audio effects that describe something you can see.	To understand that human voices have their own individual timbre, and that this can be adapted by using the voice in different ways.	To know that timbre can also be thought of as 'tone colour' and can be described in many ways eg warm or cold, rich or bright.
Texture	To know that many types of music from around the world consist of more than one layer of sound; for example a 'tala' and 'rag' in traditional Indian music.	To know that combining different instruments and different rhythms when we compose can create layers of sound we call 'texture'.  To understand that harmony means playing two notes at the same time, which usually sound good together.	To understand that a chord is the layering of several pitches played at the same time.  To know that poly-rhythms means many rhythms played at once.	To understand that texture can be created by adding or removing instruments in a piece and can create the effect of dynamic change.  To know that a counter-melody is different to harmony because it uses a different rhythm as well as complementary notes.
Structure	To know that in a ballad, a 'stanza' means a verse.  To know that music from different places often has different structural features, eg traditional Chinese music is based on the five-note pentatonic scale.	To know that deciding the structure of music when composing can help us create interesting music with contrasting sections.  An ostinato is a musical pattern that is repeated over and over; a vocal ostinato is a pattern created with your voice.  To understand that musical motifs (repeating patterns) are used as a building block in many well-known pieces of music	To know that a loop is a repeated rhythm or melody, and is another word for ostinato.  To know that 12-bar Blues is a sequence of 12 bars of music, made up of three different chords.	To know that a chord progression is a sequence of chords that repeats throughout a song.  To know that a 'theme' in music is the main melody and that 'variations' are when this melody has been changed in some way.
Notation	To understand that 'reading' music means using how the written note symbols look and their position to know what notes to play.	To know that 'performance directions' are words added to music notation to tell the performers how to play.	To know that simple pictures can be used to represent the structure (organisation) of music.  To understand that in written staff notation, notes can go on or between lines, and that the lines show the pitch of the note.	To know that 'graphic notation' means writing music down using your choice of pictures or symbols but 'staff notation' means music written more formally on the special lines called 'staves'.  To know that chord progressions are represented in music by Roman numerals.
