Social Media Policy & Usage

The school has a live Facebook page – it is called "Beckstone Primary School (Official Facebook Group)" We have created this page to let parents and families know when our school website is updated and to post messages. It is for information only and doesn't accept comments. The Facebook page has open access and will also contain links to updates on our web site and messages from school – there is no facility to message school. As a result any photos etc will only appear from our web site following clicking on a link. It is hoped this will dissuade children who are under 13 using Facebook but will allow adults to receive updates about the school.

We adopt a Social Media Policy to ensure our organisation and staff conduct themselves accordingly online. While we may have official profiles on social media platforms users are advised to verify authenticity of such profiles before engaging with, or sharing information with such profiles. We will never ask for user passwords or personal details on social media platforms. Users are advised to conduct themselves appropriately when engaging with us on social media.

There may be instances where our website features social sharing buttons, which help share web content directly from web pages to the respective social media platforms. You use social sharing buttons at your own discretion and accept that doing so may publish content to your social media profile feed or page.
